NOTES		
<p>Anyone who's been on safari knows that no two game activities are ever the same! At African Monarch Lodges we offer morning and afternoon game drives, boat cruises, morning walks as well as an extraordinary visit to our Sustainable Cultural Project. Activity times will vary depending on the season.</p> <p>Guests traverse within the Bwabwata National Park, inside Africa's largest conservation area where it is known that around 80,000 elephants roam these plains. It is a birders paradise with 450 bird species to identify.</p> <p>Please inform your guests of the below hints and tips to make the most of their time in the bush:</p> <ul style="list-style-type: none"> • A good camera, although they should take care when using a flash – some of the animals aren't particularly keen. • Binoculars. • Always bring sunglasses, a hat, sunblock, insect repellent and in the winter months a sweater or fleece, especially in the evenings. • We provide blankets and hot water bottles in winter if it's cold, and there are also ponchos if it is raining. • It's best to wear pale and neutral colours when on the wild experiences so not to attract the animals' attention any more than is strictly necessary! • Closed shoes are required for bush walks.
